APPLICATION FOR AN IDENTITY DOCUMENT

Dear Sir/Madam,

Identity documents enable holders to identify themselves for general purposes and day-to-day activities in society. Identity documents form an important part of each citizen's daily activities since all transactions, whether private or public, require positive identification. The issuing of identity documents is essential, as every country has to have some form of identification in respect of its citizens. In terms of the provisions of section 25 of the Identification Act, 1997 (Act No 68 of 1997), all South African citizens and permanent residents, 16 years and older, must be in possession of identity documents. Persons applying for their South African identity document for the first time do not have to pay the application fee. South African missions abroad may also process applications for re-issuance of a South African identity document from:

- a person whose identity document has been lost, stolen or damaged;
- a person, who applied for the change of personal particulars;
- a person whose citizenship status has changed;
- a woman who entered into matrimony or would like to resume any of her previous surnames;
- a person, who is temporarily residing abroad and who has previously been in possession of an identity document.
