

TRANSIT VISA

Dear Sir/Madam,

We refer to your enquiry and wish to inform you that all foreigners who are **not** [passport / travel document holders who are exempt from the South African visa requirement](#) and who are in transit in the Republic of South Africa enroute (by air, road or rail) to a country that shares a border with the Republic (Lesotho, Swaziland, Namibia, Botswana, Zimbabwe and Mozambique), must apply for and be issued with a visa at a South African mission abroad, before proceeding to the Republic of South Africa (see [visa application](#)).

Please note that all foreigners who are in transit and in possession of a valid ticket for a connecting flight to any other country (excluding Lesotho, Swaziland, Namibia, Botswana, Zimbabwe and Mozambique) are not required to apply for a transit visa to make use of transit facilities at an international airport in the Republic of South Africa.

Kind regards,
Consular Section
Embassy of the Republic of South Africa
